

Staff/Student/Parent Relations**

The Board encourages parents to be involved in their student's educational activities and, unless otherwise ordered by the courts, an order of sole custody on the part of one parent shall not deprive the other parent of the following authority as it relates to:

1. Receiving and inspecting their student's education records and consulting with staff concerning the student's welfare and education, to the same extent as provided the parent having sole custody;
2. Authorizing emergency medical, dental, psychological, psychiatric or other health care for the student if the custodial parent is, for practical reasons, unavailable.

It is the responsibility of the parent with sole custody to provide any court order that curtails the rights of the noncustodial parent at the time of enrollment or admission to ESD programs or any other time a court order is issued. The ESD will comply with the terms of the most recent court order.

Unless provided by court order or a parental plan, a student shall not be released to the noncustodial parent nor shall the noncustodial parent be granted visitation or phone access during the school day.

In the case of joint custody, the ESD will adhere to all conditions specified and ordered by the court. The ESD may request in writing any special requests or clarifications in areas concerning the student and the ESD's relationship and responsibilities.

The ESD will use reasonable methods to identify and authenticate the identity of both parents.
