

Reporting of Suspected Abuse of a Child**

Reporting

Any ESD employee having reasonable cause to believe that any child with whom the employee comes into contact has suffered abuse, or that any person with whom the employee comes in contact has abused a child, shall orally report or cause an oral report to be immediately made by telephone or otherwise to the local office of the Oregon Department of Human Services (DHS), or to a law enforcement agency within the county where the person making the report is at the time of his/her contact. The ESD employee shall also immediately inform his/her supervisor, administrator or superintendent.

If known, such report shall contain the names and addresses of the child, and the parents of the child or other persons responsible for the child's care, the child's age, the nature and extent of the suspected abuse, the explanation given for the suspected abuse, any other information which the person making the report believes might be helpful in establishing the possible cause of the suspected abuse and the identity of a possible perpetrator.

A written record of the abuse report shall be made by the employee suspecting the abuse of a child. The written record of the abuse report shall not be placed in the student's educational record. A copy of the written report shall be retained by the employee making the report and a copy shall be provided to the employee's supervisor and/or Superintendent.

When the ESD receives a report of suspected abuse of a child by one of its employees, and the Superintendent determines that there is reasonable cause to support the report, the ESD shall place the employee on paid administrative leave until the Department of Human Services or a law enforcement agency either: 1) determines that the report is unfounded or that the report will not be pursued; or 2) determines that the report is founded and the educational provider takes the appropriate disciplinary action against the ESD employee. If the Department of Human Services or a law enforcement agency is unable to determine whether abuse of a child occurred, the ESD may either reinstate the employee or take disciplinary action at the ESD's discretion.

The written record of each reported incident of abuse of a child, action taken by the ESD and any findings as a result of the report shall be maintained by the ESD.

Definitions

1. Oregon law recognizes these types of abuse:
 - a. Physical;
 - b. Neglect;
 - c. Mental injury
 - d. Threat of harm
 - e. Sexual abuse and sexual exploitation.
2. "Child" means an unmarried person who is under 18 years of age.

Confidentiality of Records

The name, address and other identifying information about the employee who made the report are confidential and are not accessible for public inspection.

The disciplinary records of an ESD employee or former ESD employee convicted of a crime listed in Oregon Revised Statute (ORS) 342.143 are not exempt from disclosure under ORS 192.345 or 192.355. Therefore, if an ESD employee or former employee is convicted of a crime listed in ORS 342.143, the ESD that is or was the employer of that employee when the crime was committed shall disclose the disciplinary records of the employee to any person upon request. However, prior to the disclosure of a disciplinary record the Superintendent or designee shall remove any personally identifiable information from the record that would disclose the identity of a child, a crime victim or an ESD employee who is not the subject of the disciplinary record.

Failure to Comply

Any ESD employee who fails to report a suspected child abuse as provided by this policy and the prescribed Oregon law commits a violation punishable by law. An ESD employee who fails to comply with the confidentiality of records requirements commits a violation punishable by the prescribed law. If an employee fails to report suspected child abuse or fails to maintain confidentiality of records as required by this policy, the employee will be disciplined.

Cooperation with Investigator

The ESD staff shall make every effort in suspected child abuse cases to cooperate with investigating officials as follows:

1. Any investigation of abuse of a child will be directed by the Oregon Department of Human Services (DHS) or law enforcement officials as required by law. DHS or law enforcement officials wishing to interview a student shall present themselves at the ESD or school office and contact the program administrator, unless the administrator is the subject of the investigation. When an administrator or designee is notified that the DHS or law enforcement would like to interview a student at a school under the jurisdiction of the ESD or on ESD property, the administrator or designee must request that the investigating official complete the form 'Abuse of a Child Investigated on ESD Premises', found at the end of this document. The administrator or designee should not deny the interview based on the investigator's refusal to sign the form. If the student is to be interviewed at the school, the administrator or designee shall make a private space available. The administrator or designee of the ESD may at the discretion of the investigator, be present to facilitate the interview. If the investigating official does not have adequate identification, the program administrator or designee shall refuse access to the student.

Law enforcement officers wishing to remove a student from the premises shall present themselves at the office and contact the administrator or designee. The officer shall sign the student out on a form to be provided by the ESD or school;

2. When the subject matter of the interview or investigation is identified to be related to suspected abuse of a child, ESD employees shall not notify parents;

3. The administrator or designee shall advise the investigation of any conditions of disability prior to any interview with the affected child;
4. ESD employees are not authorized to reveal anything that transpires during an investigation in which the employee participates, nor shall the information become part of the student's education records, except that the employee may testify at any subsequent trial resulting from the investigation and may be interviewed by the respective litigants prior to any such trial.

Immunity from Liability

Any ESD employee participating in good faith in the making of a report pursuant to this policy and Oregon law and who has reasonable grounds for the making thereof, shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed with respect to the making or content of any such report. Further, the initiation of a report in good faith about suspected child abuse may not adversely affect any terms or conditions of employments for the work environment of the complainant. If a student in good faith initiates a report of suspected child abuse by an ESD employee, the student will not be disciplined by the Board or any ESD employee.

**As used in this Administrative Rule, the term parent includes legal guardian or person in a parental relationship. The status and duties of a legal guardian are defined in ORS 125.005(4) and 125.300-125.325. The determination of whether an individual is acting in a parental relationship, for purposes of determining residency, depends on the evaluation of the factors listed in ORS 419B.373. The determination for other purposes depends on evaluation of those factors and a power of attorney executed pursuant to ORS 109.056. For special education students, parent also includes a surrogate parent, an adult student to whom rights have transferred and foster parent as defined in OAR 581-015-2000.
