

The Family Support Project is a program within the Student and Family Support Services Department of the LBL ESD.

**Project services include:**

- Linking youth and families to valuable community resources
- Connecting youth with positive activities
- Assisting youth and families with support and problem solving
- Providing in-home parenting training
- Facilitating school-based skill building; both individually and in groups
- Referring families to counseling; including in-home family therapy
- Collaborating with schools to support youth academic success

# Family Support Project

*The Family Support Project  
is funded by the Linn County  
Commission on Children  
and Families*

## Family Support Project

**D**o you know a young person who has difficulty coping or who seems out of control? A child who is not yet involved with the juvenile legal system, but who may be headed that way?

Does your daughter or son fit this description? If so, the Linn Benton Lincoln Education Service District (LBL ESD) Family Support Project (FSP) may be able to help.

## Family Support Project

**T**he Family Support Project serves Linn County school-aged children and their families who are facing academic and social challenges. Our program staff work together with youth and families to locate resources, organize support, develop skills and solve problems. Building on the unique strengths of each child and family, our staff create family service plans that help vulnerable students avoid engaging in high-risk behaviors.

**T**he Family Support Project works with youth by referral. Parents, members of local Youth Service Teams, employees of health or social service agencies, law enforcement officials and school staff are encouraged to refer identified youth for assistance.

## Family Support Project

Young people and their families may also refer themselves. The FSP staff does ask that anyone referring a child talk with the family before contacting us.

**T**o make a referral or request services, call LBL at 541-812-2600 and ask the for the Program Administrator of the Family Support Project. Services are available throughout Linn County.

Staff members provide home visits in Albany, Lebanon, Northern Linn County, Southern Linn County and Sweet Home.
