The Executive Summary presents a comprehensive summary of the required information for each section of the budget.

The purpose of this document is to provide timely and useful information concerning the past, current and projected financial status of the district to facilitate financial decisions that support the districts we serve.

We are pleased to present the 2024-2025 budget for Linn Benton Lincoln ESD. The budget has been prepared in accordance with state regulations, local budget law and policies covering the required twelve-month period from July 1 through June 30.

## About Linn Benton Lincoln ESD

Linn Benton Lincoln Education Service District (LBL) serves educational agencies, districts, and schools across the state with high-quality services and programs that are practical, reliable and economical. LBL has a distinguished reputation for supporting educational excellence and equity, working cooperatively with educators and educational agencies, and providing productive solutions that help schools, teachers, students and families meet Oregon's educational goals.

LBL comprises twelve component districts and over ninety schools with approximately 37,000 students in Linn, Benton, and Lincoln counties. LBL also serves students and districts elsewhere in Oregon through grants and contracts. The governance structure includes a seven-member Board.

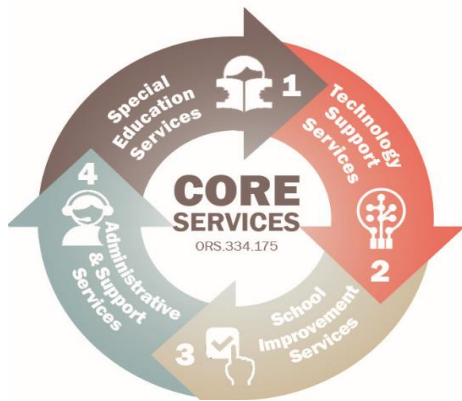

LBL is one of 19 Education Service Districts in Oregon that serve all 36 counties. The purpose of Oregon's Education Service Districts is defined in Oregon Revised Statute (ORS) 334.005. Education Service Districts assist School Districts and the State of Oregon in achieving Oregon's education goals by providing equitable education opportunities for all of Oregon's public school students.

Education Service Districts (ESDs) originated in Oregon’s first laws establishing a general system of common schools – a system that has maintained but changed the responsibilities and names of Oregon’s mid-level education service entities. Through the history of Oregon’s regional services system, local governances and state statutes concerning the mission of ESDs have remained somewhat constant: “Education Service Districts assist school districts and the State of Oregon in achieving Oregon’s education goals by providing equitable, high quality, cost-effective, and locally responsive educational services at a regional level.”

Per ORS 334.175, Education Service Districts must offer core services in four separate areas:

- Special Education Services
- Technology Support Services
- School Improvement Services
- Administrative and Support Services

The Linn Benton Lincoln ESD serves twelve school districts in our three-county region.

## Board of Directors

Board members are elected officials who reside within the ESD's boundary. The role of the board is established in Board [Policy BBA, Board Powers and Duties](#). The three main areas of responsibility include: legislative, policy or rule-making authority and responsibilities, judicial authority and responsibilities, and executive/administrative authority and responsibility. This is accomplished in partnership with the Superintendent who implements policies and programs to meet the needs of all students and districts that LBL serves.

LBL's Board of Directors are elected for a four-year term. Senate Bill 174, effective September 9, 1995, changed terms of Board members and election dates. Elections are now scheduled on odd numbered years only.

# Organizational Chart

## Linn Benton Lincoln ESD

Linn Benton Lincoln Education Service District (LBL) is a municipal corporation governed by an elected seven-member Board of Directors. The Board hires the Superintendent. The daily functioning of the District is under the supervision of the Superintendent. The ESD qualifies as a primary government since it has a separate elected governing body, is a legally separate entity, and is fiscally independent. There are various governmental agencies (ex. other school districts) and special service districts, which provide services within the ESD's boundaries. However, the ESD is not financially accountable for any of these entities, and therefore, none of them are considered component units or included in the District's basic financial statements.

## Services Provided

LBL provides services to children birth to age 21. Services are sometimes provided in a school district setting and other times may be in homes, community centers, preschools and other agencies. Services are categorized in four main areas: Special Education, Technology, School Improvement, and Administrative and Support Services. Other grants and contracts that are outside of the State School Fund have also been included.

### **Administrative Services:**

- Business Administration Services
- Courier Services

## Mission, Vision, and Values

### **Mission**

Through services and collaboration with community schools and families, we empower every child with the skills and resources needed for success, fostering innovation and responsiveness in education.

### **Vision**

Enhancing education through collaboration.

### **We Value**

- Children and Families First
- Equity, Inclusivity, & Honoring Differences
- Competency & Expertise
- Kindness, Caring, & Humility
- Trust & Connection
- Teamwork & Collaborative Leadership
- Health & Balance
- Sustainability

## Equity Lens

We celebrate and honor differences and believe that every student, staff, and community partner should be treated equitably. Our focus is to eliminate disparities among all groups.

### Equity:

Just and fair inclusion. An equitable society is one in which all can participate and prosper to allow all to reach their full potential.

### Purpose:

Provide a common vocabulary and protocol to produce and evaluate policies, practices, processes, programs, services or decisions that result in more equitable outcomes.

### Procedure:

Consider the following four questions for any policy, practice, process, program, service or decision:

**1. Who Does it Impact?**

- Who are the groups affected?
- What are the potential impacts on these groups?
- How might we be in the way?

**2. Who Has the Opportunities and is Included and Who is Not?**

- Are existing disparities ignored or worsened?
- Are there unintended consequences?

**3. Whose Voices Are at the Table?**

- Have we intentionally involved our partners?

#### 4. What Can We Do About It?

- How will we mitigate the negative impacts and address the barriers identified above?

#### 5. Is it Sustainable and Does it Consider Distribution of Resources?

- How does the distribution of resources support our disenfranchised or underserved?
- How does the distribution of funds lead to equity?

Non-Discrimination: LBL ESD prohibits discrimination and harassment on any basis protected by law, including but not limited to an individual's perceived or actual race, color, religion, sex, sexual orientation, national or ethnic origin, marital status, disability, veterans status, or the protected status of any other person with whom the individual associates. [Policy AC](#).

## Guidance for Use:

### **Question 1:** Who does it impact?

It is important to consider who is impacted by a particular decision. Which groups are impacted and how? What barriers could be causing the impact? Is there something we might be doing that are causing these barriers?

### **Question 2:** Who has the opportunities and is included and who is not?

We need to consider and question who has opportunities and who does not. Are there disparities that are created by our decision? Are existing disparities ignored or worsened? What unintended consequences may happen with the decision?

### **Question 3:** Whose voices are at the table?

Do we have all of the individuals at the table that should be? How are we intentionally involving our partners? Is there a barrier to participation, how can we remove the barrier to encourage and ensure participation?

### **Question 4:** What can we do about it?

How can we mitigate the negative impacts and address the barriers identified? Are we being conscious of our decision-making and decision-making processes by keeping equity as our priority lens?

### **Question 5:** Is it sustainable and does it consider the distribution of resources?

Are we being sustainable with our distribution of resources? Is our distribution merely equal or are we being conscious of distributing resources based on needs, especially the needs of our disenfranchised or underserved?

## Board Objectives

### **Board Performance Objective 1:**

Pursue innovation through service delivery, equitable resource allocation, evaluation and improvement, staff development, and use of technology.

### **Board Performance Objective 2:**

Continue to enhance collaborative relationships and effective communication with LBLESD employees, school districts, and communities.

### **Board Performance Objective 3:**

Prudently and sustainably manage fiscal resources. Maintain a forward-looking financial plan and anticipate and accommodate economic changes.

## Board Policies

Policies that govern the development and adoption of the budget and other related processes are available on our website as follows:

[Policy DB, District Budget](#) establishes the budget process.

[Policy DBDB, Fund Balances](#) establishes the Board's requirements for contingencies and reserves to ensure an ending fund cash balance of at least eight percent.

[Policy DBEA, Budget Committee](#) establishes the role of the committee.

[Policy DBH, Budget Adoption Procedures](#) establishes the process to adopt the budget and categorize the levy as provided in ORS 310.060(2).

[Policy DDA, Local Service Plan](#) outlines the requirements of the services that the ESD provides to component districts.

[Policy DFA, Investment of Funds](#) establishes the investment process.

[Policy DI, Fiscal Accounting and Reporting](#) establishes the requirements for the accounting system.

[Policy DID, Property Inventories](#) establishes the requirement to maintain inventory records.

[Policy DIE, Audits](#) establishes the requirement to undergo an independent annual audit.

## Budget Development Process

A budget is prepared and legally adopted for each governmental fund type on the modified accrual basis of accounting in the main program categories required by Oregon Local Budget Law under ORS 294.305. The budgets for all budgeted funds are adopted on a basis consistent with generally accepted accounting principles (GAAP), except that capital outlay expenditures, including items below the District’s capitalization level, are budgeted by function in the governmental fund types.

Budgeting is a year-long process involving conversations between District leadership, members of the Board, leadership of our component districts, staff members, and the general public. The District begins its formal budgeting process by appointing Budget Committee members in early fall. Management develops the overall Budget recommendations through internal processes that occur throughout the winter and spring. The Budget is presented to the Budget Committee at a public meeting where there is opportunity for both public comment and Budget Committee input following a general review and discussion of the proposed budget. The Budget Committee approves the final budget document in late spring. Public notices of the budget hearing are generally published in May or June, and the hearing is held in June. The budget is adopted, appropriations are made and the tax levy is declared no later than June 30. Expenditure budgets are appropriated at the major function level (instruction, support services, community services, facility acquisition and construction, other uses, contingency, and unappropriated fund balances) for each major funding group.

## Budget Committee Members

LBL’s Board of Directors appoint budget committee members for a three-year term. LBL has eight budget committee members. Budget committee members are appointed to the zones in which they reside. The 8<sup>th</sup> budget committee member is an At-Large position, which was added in fiscal year 1994-1995 per Senate Bill 26.

## Superintendent's Budget Message

Dear Budget Committee Members and LBL Community,

I submit the proposed budget for the Linn Benton Lincoln Education Service District for the fiscal year beginning July 1, 2024 and ending June 30, 2025 for your consideration. It is an honor to serve you and the districts of Linn, Benton, and Lincoln counties. I am proud of the work we have accomplished in my first year as Superintendent and look forward to the work we have planned for this upcoming year.

We recently undertook an effort to update our mission and vision statements for the ESD. It is our hope that as we articulate those values to you now, they ring true as both timely and relevant for both our current environment and our current set of challenges. Our mission is, through services and collaboration with community schools and families, we empower every child with the skills and resources needed for success, fostering innovation and responsiveness in education. Our vision is to enhance education through collaboration. We furthermore believe that every student, staff and community partner should be treated equitably and our focus is to eliminate disparities among all groups.

We are proud to count the following accomplishments for the 2023-24 school year:

- Provided both formal and informal professional development and coaching to LBLESD administrators as well as component district principals and district staff.
- Launched the pilot of our new student transportation service, Oregon Routes.
- Launched Cyber Safety as a Tier 1 service for our component districts.
- Successfully migrated our Student Information Systems to Synergy and supported our districts in their first year of utilizing that product.
- Completed the \$14 million renovation of the ESD main facility.
- Undertook Courageous Conversations diversity and equity training for our entire leadership team.
- Added a marketing and branding specialist to strengthen the LBL brand and market our services to districts state-wide.
- Conducted cyber security table-top exercise to improve the agency's cyber safety readiness.
- Wrote Emergency Operations Plan to be implemented in August 2024.

Key services that we continued to provide our districts are outlined in ORS 327.019. The statute requires 4.5% of the State School Fund to be allocated to Education Service Districts using a formula based on ADMw (Average Daily Membership weighted). With the funds received from the State School Fund, LBL must spend/distribute 90% of these resolution funds on services for component districts in four main categories that include Special Education Services, Technology Support Services, School Improvement Services, and Administrative and Support Services.

**Within eight key programs, LBL offers a variety of services. Programs and services include:**

**Administrative Services** – Office of the Superintendent and Human Resources

**Business Services** – Support of School ERP Pro (Infinite Visions), Student Accounting, Payroll Services, Business Administration Support, E-rate Services, and Oregon Routes

**Cascade Regional Inclusive Program** – Services for students with low incidence disabilities: Vision, Hearing, Orthopedic, Autism, Traumatic Brain Injury, Audiological and Augmentative Communication services

**Information and Technology Services** – Student Information Systems (SIS) Suite, Programmers, SIS Customer Service Representatives, Web Development, Wide and Local Area Networks, Data Center Services, Network Design and Support, Computer Support Technicians, Low Voltage Electrician, and Cyber Safety

**Long Term Care and Treatment Education Program** – Children’s Farm Home, Old Mill School, and Wake Robin School; Providing education for children in residential and day treatment care

**Special Education and Evaluation Services** – Education Evaluation and Consultation Services for Students, Response to Intervention and Severe Disabilities, and Transition Network Facilitation

**Strategic Partnerships for Student Success** – Behavior Consultants, Attendance Services, Family Support Liaisons, Positive Behavior Intervention Supports, Home School Registration, Student Success Act, Behavior Systems Development, and Administrative Medicaid Support

The 2024-2025 proposed budget presented to you herein has been built on estimated revenues for the General Fund, grants and contracts, and services utilizing the most current information available on each. The proposed budget will give LBL the budget authority to move forward with meeting all legal requirements outlined in local budget law. LBL will make adjustments as updated information becomes available.

This proposal represents the work of the entire administration team who have worked together to propose a budget based on our goals and objectives grounded in the reality of our fiscal constraints. We recognize the importance of presenting a quality, easy-to-understand budget with equity in mind to the communities we service.

I would like to express my appreciation to the budget committee for their service and consideration of the proposed budget.

Respectfully,

Jason Hay  
Superintendent

## Resource Allocation

The General Fund includes resolution revenues comprised of State School Fund, taxes, and miscellaneous fees as well as non-resolution funds for interest income and indirect charges on grants and services. The LBL budget has been developed using the State of Oregon's most recent estimates for the 2024-2025 State School Fund of \$10,783,743 and additionally assume a 4.00% increase in tax revenue, for a total of \$9,943,470, and miscellaneous revenue of \$50,000. Non-resolution general fund revenues are estimated at \$3,342,764.

In the Special Revenue Fund, grants are individually estimated to help ensure we are prepared to fully utilize the total funding available for each initiative. In cases where a grant's exact amount is known, we include full funding for that grant. In cases where amounts are still in development, we have estimated total funding for the grant based on the most current information available on the individual grant. The majority of our grants are in the second year of biennial funding. Accordingly, budgets for those grants include expected proceeds from the second year of the grant as well as any estimated carryover funds from the first year of the grant.

In the Internal Service fund, revenues are estimated for each individual service. Revenues include both transfers from the general fund related to Tier 2 services with our component districts as well as purchased services from both component and non-component districts.

Unexpected additional resources may be added to the budget using supplemental budgets and appropriation resolutions. Where budget changes have a net effect that would cause an increase of less than 10% in an appropriation category compared to the adopted budget, such changes may be approved by the Board of Directors with a resolution at a regular meeting. Changes causing a greater than 10% increase in an appropriation category compared to the adopted budget requires publication in newspapers and approval of a supplemental budget and resolution by the Board. Original and supplemental budgets may be modified using appropriation transfers between the levels of control (major function levels). Such transfers require approval by the Board.

## Staffing Allocations

Employee compensation, including salaries and benefits, total \$34.3 million or 41.7% of the total budget and are the single largest expense incurred by the district. LBL uses different strategies to determine staffing and resources.

In the General Fund, Tier 1 services are voted on and approved by component districts. With only minimal changes to Tier 1 services, staffing levels have stayed very consistent over time. In the Special Revenue Fund, staffing is determined by each grant and contract received through the State or the Oregon Department of Education (ODE). Additional staff have been budgeted for all major grants, utilizing the additional federal funds.

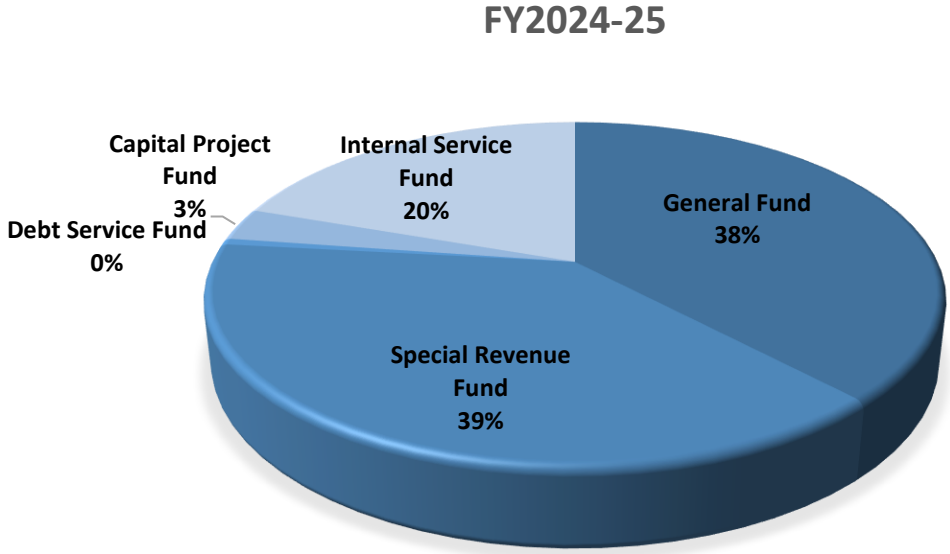

<b>FUND</b>	<b>Adopted FTE 2024</b>	<b>Proposed FTE 2025</b>
General Fund	117.9	94.6
Special Revenue Fund	108.3	116.5
Internal Service Fund	24.2	46.5
<b>Total FTE</b>	<b>250.4</b>	<b>257.5</b>

The 2024-2025 budget roll-up costs include the following assumptions:

- COLA of 4.50% for all staff
- Estimated step increase for all staff by program
- Insurance increase of \$50/month for all employee groups

### Budget at a Glance

The 2024-2025 budget totals \$82,307,504. This increase of \$8,114,579 is primarily attributable to a \$6,151,366 increase in the Internal Service Fund. The 2023-24 budget was prepared with the intention of recording the ESD’s Tier 2 expenditures on the General Fund. In doing so, it anticipated a decrease of approximately \$5 million of transfers to the Internal Service Fund, which are reflected as revenue in the budget. The 2024-25 budget has been prepared to reflect Tier 2 expenditures on the Internal Service Fund, necessitating approximately \$5 million of transfers which will be reflected as revenues in the fund. It is important to note that this is merely accounting convention and accordingly, there are no cash implications associated with this increase. The remainder of the increase reflects increased expectations for the General Fund, the Special Revenue Fund, and other Internal Service Fund revenues.

## Resources: All Funds

LBL receives funds through multiple funding sources, including the State School Fund and property taxes that are generated using a permanent local property tax rate. The Legislature established that 4.5% of the annual State School Fund revenue will be distributed to ESDs.

Resources in the 2024-2025 budget include local, intermediate, state sources, federal sources and other sources. Other Sources includes the beginning fund balance for each fund as well as the interfund transfers that occur.

## Long Term Debt

LBL holds \$6.1 million of debt as a Full Faith and Credit Obligation bond. The proceeds of the bond provided partial funding for the renovation of LBL’s main facility, which was completed during fiscal year 2023-2024.

Payments will be made from the Debt Service fund which is supported by transfers from the General Fund. LBL is using the following debt service schedule for budgeting purposes:

# FINANCIAL SECTION

## Overview

The Financial Section details the financial resources and requirements of Linn Benton Lincoln ESD for the 2024-2025 budget.

The primary elements used to classify revenues and expenditure are fund, function and object. Funds represent the highest level of classification structure. Functions are group-related activities aimed at accomplishing a major service.

The seven major functions are Instruction, Support Services, Enterprise & Community Services, Facilities Acquisition & Construction, Long-Term Debt Service, Transfers, and Contingency (Other Uses of Funds). Under Oregon Budget Law, budgets are appropriated (adopted) at these levels.

Objects are used to describe the type of goods or services purchased and are broken down into eight categories: Salaries, Associated Payroll Costs, Purchased Services, Supplies & Materials, Capital Outlay, Other Expenses, Transfers, and Contingency.

The following budget detail organizes all resources and requirements by fund, with each fund showing resources by object, requirements by function, requirements by object, requirements by program, requirements by function / object, and requirements by program / object. Each section may also contain further information specific to funding or operations of the fund.

## Primary Elements: Chart of Account Definitions

Linn Benton Lincoln ESD's chart of accounts follows the requirements of the Program Budgeting and Accounting Manual. The full manual can be found on the Oregon Department of Education's website at [PBAM](#).

## Total Resources & Requirements Budget: Summary

The 2024-2025 budget totals \$82,307,504. This increase of \$8,114,579 is primarily attributable to a \$6,151,366 increase in the Internal Service Fund. The 2023-24 budget was prepared with the intention of recording the ESD's Tier 2 expenditures on the General Fund. In doing so, it anticipated a decrease of approximately \$5 million of transfers to the Internal Service Fund, which are reflected as revenue in the budget. The 2024-25 budget has been prepared to reflect Tier 2 expenditures on the Internal Service Fund, necessitating approximately \$5 million of transfers which will be reflected as revenues in the fund. It is important to note that this is merely accounting convention and accordingly, there are no cash implications associated with this increase. The remainder of the increase reflects increased expectations for the General Fund, the Special Revenue Fund, and other Internal Service Fund revenues.

## Total Resources Budget: Ending Fund Balances

Oregon Budget Law requires a balanced budget where total resources equal total expenditures, therefore the projected ending fund balance is for each fund is equal to the budgeted contingency and reserves for the funds. Budgeted contingency and reserves for the 2023-24 and 2024-25 fiscal years are as follows:

## General Fund

The General Fund includes resources that are not legally restricted to expenditures for specified purposes. Revenue sources include State School Funds, property taxes, fees charged to grants, and other miscellaneous sources. By statute, the ESD is required to spend 90% of State School Fund and property tax revenues directly on our constituent districts. Linn Benton Lincoln ESD formalizes this through a format of Tier 1 and Tier 2 services. Tier 1 services are centrally funded and provided to all constituent districts. Once Tier 1 funds are accounted for, remaining amounts are made available to individual districts as Tier 2 funding where they can individually direct those funds towards services the ESD provides. By policy, we maintain a minimum reserved fund balance representing 4-weeks of projected general fund expenditures adopted in the General Fund.

The remainder of the General Fund supports the ESD's administrative operations including Executive Administration, Human Resources, Facilities Management, Business Services, and Information Technology.

## General Fund Requirements: Tier 1 and Tier 2 Allocations

Tier 1 services, core services that each constituent district receives from LBL, are outlined in the Local Service Plan (LSP). The LSP requirements are outlined in the Oregon Revised Statutes under 334.175. The plan is developed for a two-year period but is reviewed and adopted by the LBL Board of Directors and each school district's Board of Directors on an annual basis. Tier 1 services are a budgetary subset of the General Fund and are budgeted for \$14,680,000 for the 2024-25 school year. Additionally, budgeted Tier 1 expenditures include a 2.25% operating contingency and a \$200,000 strategic investment fund.

After all Tier 2 services have been provided for, the remaining Tier 2 funds estimated at \$3,999,297 for 2024-2025, are allocated to each district through a formula using the last three years of actual Average Daily Membership weights (ADMw) or a minimum of 1%, whichever is greater. These funds are directed by our constituent districts and can be spent on services that are categorized as Tier 2 services.

The Tier 2 distribution calculation that is being used for the 2024-2025 is as follows:

## Special Revenue Fund

The Special Revenue Fund contains revenue that is restricted for specific purposes. Typically, these funds are from state and federal grants and/or contracts. The largest programs in the Special Revenue Fund are Cascade Regional Inclusive Services, Early Intervention/Early Childhood Special Education, and Long-Term Care and Treatment. Each grant operates independently and requires resources and requirements to match at the end of each grant period. Typically, these grants are allocated on a biennium basis.

# Property Taxes

LBL collects property taxes from 6 counties: Linn, Benton, Lincoln, Lane, Marion, and Polk. While the district serves Linn, Benton, and Lincoln counties, some district boundaries include a small portion of a neighboring county. Combined collections from Lane, Marion and Polk are less than 2% of the annual total tax collections and are not included in the tables below. Annually, the Board adopts a resolution to impose the tax rate and categorize the taxes for each fiscal year. The Oregon Department of Revenue computes the permanent tax rate, and the districts are unable to make changes. LBL’s permanent rate is set at \$0.3049/\$1,000 of assessed value. Revenue collected from property taxes is part of the State School Fund calculation and is used for general operating purposes.

The following tables present the total assessed value of property within the district’s three largest taxing county boundaries for the four previous years, the current year based on actual values as of July 1, and projected the 2024-25 budget year.
