Code: **FECBA**  
Adopted: 7/8/98  
Readopted: 10/10/07

**Energy-Conserving Construction**

The Board recognizes the importance and need for energy conservation.

Proposed construction and renovation projects that contain the most efficient energy-saving plans within an acceptable budget will have high priority. Energy-saving designs will be documented in the architectural evaluation and will comply with educational specifications and cost control checklists as determined by the Board.

A continuous study of energy problems and energy sources will be maintained for future planning.
