Memorials

Designated ESD administrators may receive items for a memorial to a student or person having a special significance to the ESD. Items received as memorials become the property of the ESD. Prior superintendent approval is required before accepting any item that may require additional maintenance cost to the ESD. The superintendent may establish administrative procedures for the acceptance of such memorials.

The Superintendent may receive nominations to add to the Memorial Plaque to posthumously memorialize an honoree. The Board will approve any memorial recognitions.
